Descriptions:

An excellent liquid glass wash detergent designed for use in commercial operations for exceptional removal of grease and soil. It has a high concentration of refined ingredients well suited for use in glass washer. This product also contains highly effective alkaline cleaners to assure hygienically clean, film free glasses.

Use Directions:

Use approximately $\frac{1}{8}$ oz. per gallon of water or as required. Best and most economical results are obtained when used with electronic liquid dispensing system. Food contact surfaces should be rinsed clean with potable water in rinse section of glass washer.
